Circular – CMI/1117/Trg/2011

**Subject: Carbon Minus India (CMI)'s 7<sup>th</sup> Advanced Executive CDM Training Programme (AECTP) from 11<sup>st</sup> -13<sup>rd</sup> May, 2011 at India International Centre (IIC) , Lodhi Estate, New Delhi - 110003**

Dear ,

As you are aware, since CMI conducted a Series of Basic CDM Trainings and it's 1<sup>st</sup> to 6<sup>th</sup> AECTP -Advanced Executive Carbon Management Training Programme - was very successfully, in which senior level Executives undertook from different part of the Country. On popular demand, it has decided in last Board Meeting recently to go for an another such 7<sup>th</sup> Training Programme as stated above.

Since We found your noble Organisation, to be well-known for it's Commitment in the promotion of *Climate Friendly Low Carbon Economy based Strategy* as One of your basic Core Objectives, herewith We are forwarding the details of the above along with this application attachments; so that you as the Leader, would recommend *at least 4 bright officials, for* undergoing this highly professionally designed training programme, where **we have, in fact, standardized every thing Excellent – the Faculties, Course Materials, Venue, Course Delivery, Exercising & Home Tasks, Examination and Certification.**

The beauty of the training programme is – if Once Someone undergo this, should gain solid professional Confidence in all 3 streams of Credit Generation, Trading and Monetisation, with a emphasis if of designing a CDM-PDD, i.e Project Design Document, which is basic document to earn Carbon Credits from a GHG Reduction Projects. Most of our Trainees, are practicing as successful CDM Consultants in leading Public and Private sectors and Credible national Consulting Organisations *as well as* practicing Chartered Accountants, Other Financial and Banking and Government Professionals. To name few are from, FCAs from ICAI, Indian Oil, MECON, CSIR, JSW Steel, EIL, GMR, GVK, NTPC, PFC, NALCO, GAIL, DRDO, ONGC, Oil India, ITC, NDPL, Reliance Energy, THERMAX, Vedanta, TCE, IMFA Group, Some Leading Credible NGO Sectors, Officials from Government of Maharastra, Himachal Pradesh and Leading Industries of the SAARC Countries, Africa and Europe.

Kindly Note that One need to fill the Registration Form attached at the attachment, being fully filled up and signed, has to Courier / Speed post / forward to CMI's Secretariat, along with the required crossed-DD earliest, as We have limited seats of around 25-35 to ensure the best standards of the Course, it is kept - as first come first basis. Kindly note that some of the Applications may also be rejected and return back if the Candidate is not found suitable to undergo this training and limited availability of seats.

Kindly forward the Application Form, stating the same on which ground you can have a temporary registration no, blocking a seat, which could be confirmed latter after submission of the DD or Cheque.

Expecting an earliest response,  
With Best Regards,

( Dr Srikanta K. Panigrahi )

Director General, Carbon Minus India (CMI), New Delhi

*Brief Resume of*  
**Dr SRIKANTA K. PANIGRAHI**

*Dr. SRIKANTA K. PANIGRAHI*, has obtained his formal degree in Civil Engineering and then received other degrees in Environment Planning, Management & Business Administration from credible Universities of India and abroad including Technical University of Dresden (TUD), Germany and School of Planning & Architecture, New Delhi. He was also an UNEP/ UNESCO Fellow, where he delivered Guest Lectures in five prestigious Universities of Europe at Humburg, Dresden, Prag, Vienna and Zurich.

He has worked for several Organizations of national and international importance, especially with Government of India and the United Nations. In fact, He was the Member-Secretary of a prestigious Working Group at Planning Commission, to prepare the historic “ *National Action Plan for Operationalising Clean Development Mechanism (CDM) in India* “, under the Kyoto Protocol, in the instances of Indian Prime Minister’s Office (PMO). Moreover, he has been representing the country in the Climate Change Negotiations of non-Annex (Developing) Countries in Conference of Parties (COPs), where he specializes on “ *Climate Change & Development Issues* “.

Dr Panigrahi is known as “ *Chief Architect of Indian Carbon Market* “; who was instrumental to initiate Kyoto in India, the entire UNFCCC CoP Process, Climate Change Negotiations and DNA formation and subsequently as it’s Member to implement the National Action Plan, which he formulated and Operationalized CDM and it is only because of his personal persuasion and Leadership initiatives; India was first starter of CDM, among developing World and could emerge as Global CDM Leader.

His areas of expertise include Environmental Policy & Strategic Planning, Environmental Impact Assessment, Energy Policy & Planning, Climate Change Adaptation, Impact & Mitigation Policy, Natural Resources Accounting, Energy Efficiency & Renewable Energy Development, Low Cost Water Supply & Sanitation, Waste Minimization, GEF Portfolio Management, National Self Capacity Building in Implementing Multilateral Agreements on Environment, Mining & Environment, Human Settlement Planning and Sustainable Industrial Development for Cleaner Production.

He is the Member of many prestigious high powered committees of Government of India, including - National Strategic Knowledge, JN National Solar and other prestigious Missions on Climate Change at Indian Prime Minister’s Council. He is a Visiting Professor to IIMA. In addition, he was instrumental in the formulation of Tenth and Eleven Five Year Plan and also had played the Key role in Planning Commission in its’ implementation in Environment & Forest Sector of the nation. Dr Panigrahi is also now the *national Vice-President Indian Society of Remote Sensing (ISRS) & Chairman, Delhi Chapter*. He is a Fellow Members of Institute of Town Planner’s (India) & Institute of Engineer’s (India). He has joined recently as the Director General of Carbon Minus India (CMI), New Delhi - the premier Organisation, engaged in stabilizing the Planet’s Climate and Chairman, Carbon Management School. Moreover, He was architect of the recently launched historic UNEP project on 5<sup>th</sup> June 2008 “ *India Climate Neutral Programme 2008-20* “.

Dr Panigrahi is also awarded National Science Popularisation Award from hon’able Prime Minister of India in 2004-05; for his extraordinary contribution and commitment to popularize Science among common mass, who is working in the areas of Environment Protection, Energy Conservation and Sustainable Development for last more than 22 years.
